Achievement Centers for Children

Our mission is to enable and empower children with disabilities and their families to grow, learn, play and prepare for lifelong achievement in society.

Founded in 1940 as the Society for Crippled Children, we now serve children and adults with a broad range of disabilities and special needs including autism, cerebral palsy, Down syndrome, and other physical, developmental, neurological and emotional challenges. Our unique, comprehensive service model weaves together education and autism services; therapy services and Intensive Therapy Clinic; recreation, camp and sports programs; and family support services to meet the needs of the entire family and provide the best outcomes. The agency serves children from birth through adulthood, with a special focus on children from birth through age five.

Over 2,300 children and adults from throughout Greater Cleveland and beyond received services last year at our three locations, as well as throughout the community in child care centers, schools and homes.

ACCREDITATION AND LICENSURE

The Achievement Centers’ programs and services are licensed and accredited by: Commission on Accreditation of Rehabilitation Facilities (CARF), Alcohol, Drug Addiction and Mental Health Services Board of Cuyahoga County (ADAMHS), The American Camp Association, The Professional Association of Therapeutic Horsemanship International (PATH Intl.), Medicaid, Ohio Department of Jobs and Family Services, Ohio Department of Developmental Disabilities, Ohio Department of Education, Ohio Department of Mental Health and Addiction Services, and the Ohio Department of Health. The Achievement Centers has been recognized as a five-star Step-Up-to-Quality program and earned a “4 Stars” rating by Charity Navigator for the third consecutive year. The Achievement Centers for Children is also proud to be a United Way partner agency.
Dear Friends,

What a time of celebration! This year marked the 75th anniversary of the Achievement Centers for Children. For seventy-five wonderful years we have remained true to our mission to enable and empower children with disabilities and their families to grow, learn, play and prepare for lifelong achievement in society. Though the specific needs of the families have changed over the years and in response so have our programs and services, we remain steadfast in our commitment to help our clients, from newborns to adults, realize their greatest potential.

While by their very nature, milestones and anniversaries cause us to think of the past, to analyze our responses to challenges and to celebrate our successes (of which there have been many), milestones and anniversaries are also important reminders that we must always be looking towards the future. We will continue to face challenges in our next seventy-five years, but we will also continue to succeed. One of the things that makes the Achievement Centers for Children different is our ability and commitment to adapt to any environment in which we find ourselves so that we can continue to provide the excellent programming our clients and the community have come to expect.

As we step into our seventy-sixth year, we reaffirm that commitment. We remain inspired by our clients, our community of supporters and volunteers, and our staff. They remind us that in our centers, in our classrooms, and in our camps, successes are not limited to landmark events. With our clients we experience successes every day—a first word, a first step, an ability to cope—and these successes, though they may appear small to the outside world, are far more momentous occasions than any anniversary this agency could have.

The world is an ever-changing place. Change and transition, however, bring possibilities and opportunities: possibilities to develop more and stronger strategic alliances with our partners, and opportunities to develop innovative programming and services. We will continue to work to ensure excellence in all of our programs. We will continue to build our early intervention services, services which have been proven to give the majority of children the best long term outcomes. In short, we will continue to do what we have always done: strive to improve the lives of children and adults with disabilities and their families.

Thank you for celebrating with us. Thank you for your support during these past 75 years. Thank you for your support as we step into the future.

Sincerely,

Sally Farwell, MEd
President and CEO
At the Achievement Centers, we are focused on helping children with disabilities reach their greatest potential. What is a person’s “greatest potential”? For Sarah Dooley, the sky is the limit. For the first time in her 18 years, Sarah is “talking” through a communications application on her iPad which is connected to a “head array” control system installed on her wheelchair. She uses her head to navigate through the application and make selections of letters and words. When Sarah finishes a sentence, the application reads it back using the British accent she chose, giving her a “voice.” The strength and improved coordination Sarah developed in her physical therapy and Intensive Therapy sessions at the Achievement Centers for Children prepared her to use this device in an innovative way. She now shops at the mall, orders her own meals at restaurants, talks with her friends and family, and is active on social media. What a gift of independence!

Sarah said her dream is to “change the world one kid at a time.” Since gaining her “voice,” she has been working with Felicia Baird, her speech-language pathologist at the Achievement Centers, to write a story about her life experiences, and what it means to have cerebral palsy. Her goal is to visit schools to share her story with children to help them understand what it’s like to have cerebral palsy, and to see all that she can—and is—accomplishing. Ultimately, she would like to be a guest on the Ellen DeGeneres Show to reach an even larger audience. With Sarah’s new found abilities, she will be able to share her personal insights with so many people in the coming years!

We can only imagine how additional new technologies and innovative techniques will open new worlds of possibilities, hope and opportunities for children with disabilities in the future.
2014–2015
THERAPY SERVICES
475 individual clients with all types of disabilities benefited through our therapy programs.
2,769 physical therapy sessions
3,858 occupational therapy sessions
5,361 speech therapy sessions
RECREATION SERVICES

2014–2015

Children and adults participated in over 2,600 recreation services last year, ranging from weekly sessions such as a week of overnight camp to our year-round River Rock Adult Day program.
Channa, eleven years old, looks forward to riding his favorite horse, Kirby, each week in his therapeutic horseback riding class. Everyone at “the barn” at Camp Cheerful and his family is so proud of the progress he has made since starting his lessons. Channa has autism spectrum disorder (ASD), Down syndrome and low muscle tone, so his horseback riding helps him in a variety of important ways: physically, cognitively and by providing sensory stimulation. He thinks he’s just having fun with his favorite horse!

Channa was a student in our autism school in Westlake and received physical therapy, occupational therapy and speech-language sessions. His mother said, “It was wonderful how all the therapists and teachers worked together to help Channa make the most progress. It was so helpful for us to have all his therapies at one place!”

Therapeutic horseback riding complemented Channa’s therapies by strengthening his core body muscles. This helped him learn to walk without the use of a walker, and now helps him sit proudly on his horse. He loves to ride through our special winding sensory trail in the woods where he can feel different materials under the horse’s feet, from the wooden bridge to stone pebbles and soft pine needles. Using a special bareback pad helps Channa better feel the movement of the horse and connect it to his own body movements. Being able to participate in a recreational activity is an important part of Channa’s life, and these benefits—physical, cognitive, and sensory—will continue with him well into his future.

Brightening Futures, One Child at a Time
Barb Obiaya never imagined when she attended camp during her summers as a child that she was preparing for her life’s career of nearly 40 years (and counting) at the Achievement Centers for Children. She was fortunate to have attended a camp in the woods of Missouri that was ahead of its time integrating children with many different kinds of disabilities with typically developing children for all to enjoy activities together and develop lifelong friendships. It is here that her desire to work with children with special needs began.

After earning her Master’s Degree in Social Work from Case Western Reserve University, Barb joined the staff of the Achievement Centers in 1976 (then known as the Society for Crippled Children), providing counseling during the school year and spending her summers at Camp Cheerful as the camp social worker. She was thrilled to find an opportunity that combined her three special interests: social work, children with disabilities, and camping. After six years as the camp social worker, Barb became the Director of Social Work/Family Support Services. Through Barb’s commitment to the mission and her expertise, our Family Support Services program grew and now provides a full spectrum of early intervention and behavioral health programs to maximize development and quality of life and build on family strengths.

Barb shared that “being able to see the progression of individuals who started at the Achievement Centers receiving services as toddlers develop into resilient and resourceful adults has been the most rewarding aspect of my job.” We are so appreciative of her dedication and commitment to our mission demonstrated through her lifelong passion for working with children with disabilities and their families. She has had immeasurable impact on the many families she has helped, and the staff members and social work interns she has mentored throughout the years! Congratulations, Barb, on your lifelong career with the Achievement Centers!
Our 75th anniversary is the perfect occasion to honor our founding organization, The Rotary Club of Cleveland. It is because of their vision and commitment to improving the lives of children with disabilities 75 years ago that we are able to celebrate this important milestone.

In 1940, at a time when the world was at war and polio cases were prevalent, the Rotary Club of Cleveland supervised the establishment and growth of a variety of services to children with disabilities in our organization’s early years as The Society for Crippled Children. The founders of the organization, Cleveland Rotarians Frederick T. McGuire, Jr., Tris Speaker and George Gund had a strong commitment to making their vision a reality and signed the paperwork to incorporate the organization in 1945. In 1947–48, the Rotary Club made a further commitment to assist children with disabilities by starting Camp Cheerful in Strongsville. Cabins were constructed and roads were built into Camp Cheerful, and the camp was opened as the first residential camp in Ohio designed especially for those with disabilities.

Throughout the years, their caring and generous support for the programs and projects of the Achievement Centers for Children and Camp Cheerful has continued. Buildings were constructed including the Great Hall and additional cabins at Camp Cheerful, “camperships” have allowed many children from low income families to attend camp, and many other projects were completed thanks to dedicated members of the Rotary Club. Last year, when our Camp Cheerful faced extensive damages from a storm, the Cleveland Rotary Foundation, Rotary District 6630 and Rotary International joined together to provide much needed funding to repair the swimming pool and provide a new pool cover.

The Rotary Club of Cleveland’s commitment to living their motto “Service Above Self” is evidenced by their ongoing focus on making a difference in the lives of children and adults with disabilities in our community. We look forward to the many ways we will continue together to give brighter futures to children with disabilities and their families!
As we mark 75 years of our journey helping children with disabilities and their families, we are moved to recognize and express our sincere appreciation to a dedicated corporate supporter and true partner of the Achievement Centers for Children that has been beside us every step of the way. From providing leadership on our Board of Directors, to hands-on volunteer work by employees, to important and generous financial support, KeyBank and its predecessor banks have always been a committed and caring partner in fulfilling our mission and vision.

Throughout the years, community involvement always has been a core value of the corporate culture. Generous financial contributions were made by KeyBank (or predecessor banks) throughout the Achievement Centers’ history, and records show that from 1999 to the present day, KeyBank has provided contributions totaling over one-half million dollars. Most recently, in honor of our 75th anniversary, they provided funding to host Dr. Stephen Shore, autism expert, to speak at The City Club Forum as part of KeyBank’s “Diversity Thought Leadership” series in April.

We have been privileged to have had KeyBank leadership (or an employee of a predecessor bank) serve on our Board of Directors for decades, providing their expertise and guidance. Groups of caring employees through KeyBank’s “Neighbors Make the Difference Day” program have made substantial improvements for children and adults to enjoy at Camp Cheerful.

“We applaud the Achievement Centers for Children for the positive impact their programs and services have had in our community for the past 75 years. We are very proud to have been a supportive partner with them through the years, helping to improve the lives of thousands of children and adults with disabilities in our community. We look forward to our continued relationship to benefit all in our community,” said Margot James Copland, Chair and CEO, KeyBank Foundation.

We are grateful for our partnership with KeyBank and look forward to stepping into the future together!

*Preliminary Audit Report

### STRATEGIC OUTCOMES FOR 2014–2015

- Provided a total of 244,858 service hours to children, adults and their families.
- Provided over 2,264 hours of service to school districts and educators.
- Provided approximately $1.2 million in subsidized services.
- Received a client satisfaction rate of 98.5 percent through family surveys received.
- Raised over $1.5 million in charitable support from the community.
- 95% of clients receiving services at the Achievement Centers for Children achieved or partially achieved their individualized goals, including improved functional skills (crawling, walking, talking), increased academic achievement, and improved social/emotional development (interacting with peers, managing stress, coping with a disability).

*In Fiscal Year 2014–2015, many of the clients served by the Achievement Centers participated in or received multiple programs and services. Over the past year, the agency provided more than 6,215 programs and services to 2,341 individuals and their families.*
Pat Nobili Bids Farewell while Sally Farwell Steps into CEO Position
Pat Nobili retired as President and CEO in February after 21 years of outstanding service. Sally Farwell, who has been with the Achievement Centers for 19 years, brings her inspiring vision and commitment to the agency’s future.

In Celebration of our 75th Anniversary!
In honor of Autism Awareness Month and our 75th anniversary, the Achievement Centers, together with The City Club of Cleveland and KeyBank, hosted Dr. Stephen Shore, international speaker and professor specializing in autism, at The City Club Forum on Friday, April 17. It was rebroadcast on WCPN and WVIZ radio stations.

“Exceptional” 4-Star Rated Charity
For the third consecutive year, Charity Navigator awarded their highest rating to the Achievement Centers. Only 12% of the charities they rate nationally have received at least three consecutive 4-star evaluations.

RECREATION AND SPORTS
- The new Camp Cheerful Clubhouse building was constructed in time for this year’s camp season. Growth of recreation programs and the year-round River Rock Adult Day program called for a larger, more modern “home.” We are grateful for the generous community support that made this important improvement a reality.
- Over the past five years our Adapted Sports program grew to include 188 athletes with special needs and abilities and 245 volunteers this past year. Our Adapted Football athletes were thrilled to have players from the Cleveland Browns join them on our field for skills training!
- Our Therapeutic Horsemanship program’s 248 volunteers, staff, and instructors along with our eleven gentle horses gave a total of 3,752 riding lessons to children and adults with and without disabilities last year.

EDUCATION
- Our autism school expanded to include 7th and 8th grades at our Westlake campus. Last year students gained practical experience and life skills by packaging dog treats for “Trendi Paws,” a locally owned dog bakery and dog boutique. Teachers provided step-by-step guidance and visual supports to help students provide a quality service. Thank you to Trendi Paws for this opportunity for our students!
- We were honored in March to have visitors from The Jewish Family Center in St. Petersburg, Russia come to learn more about our highly successful autism school and see our classrooms first hand.
ACHIEVE CONSULTING
A one-day training, “Successfully Including Students with Autism Spectrum Disorder in the General Education Setting” was presented by our consultants for 60 faculty members of St. Peter’s Parish in Mansfield, Ohio. Our consultants also provided professional development to all Shaker Heights City School District paraprofessionals to help them work successfully with students with autism spectrum disorder.

THERAPY SERVICES
Our speech-language pathologists, as well as others in our community, received specialized training by guest expert, Rona Alexander, PhD, CCC-SLP, C/NDT who led the workshop “Oral Motor Feeding/ Swallowing and Respiratory Coordination Function in Children with Neuromuscular Involvement” at our Westlake site in June. So many children will benefit from this added professional knowledge and expertise!

FAMILY SUPPORT SERVICES
Thanks to funding from United Way of Greater Cleveland, we began a new Social Emotional Learning program, providing consultation to three preschool classrooms in the Warrensville Heights School District. In addition, we expanded our Early Childhood Mental Health program, our Head Start consultation, and added a comprehensive initial family assessment component to our Help Me Grow Home Visiting program.

SPECIAL EVENTS
Our four major special events held each year are generously supported by individuals and our business community. Together, through all our fundraising events, initiatives and appeals, donors contributed a total of more than $1.5 million, enabling us to provide many services regardless of a family’s ability to pay.

Sparkle, Shimmer and Shine, our annual formal gala, honored Bruce Higley, Chairman of The Albert M. Higley Company, for his long-time support and heartfelt commitment to the Achievement Centers for Children. Over 460 guests attended, raising more than $489,000.

25th Annual A Most Excellent Race
Rain this year did not keep our participants, sponsors and volunteers from helping to reach our goal of $115,000! A special thank you to our Presenting Sponsor, Majestic Steel USA, and to all who came out to support us.

Fall Festival at Camp Cheerful exceeded our goal by raising over $74,000 this year! What a difference these funds made for our campers.

Blue Chip Blue Tee golf tournament was held at the prestigious Kirtland Country Club, raising over $76,000. Thank you to all our sponsors and golfers!

We appreciate all our sponsors and supporters of our special events and our many generous donors!

We appreciate gifts at ALL levels and we also thank those individuals who designate all or part of their United Way pledge to the Achievement Centers for Children and/or Camp Cheerful.

*Deceased

ENDOWMENT GIFTS

The following are members of the Oak Tree Society and have provided support to the Achievement Centers for Children’s Endowment Fund through a planned or outright gift in the fiscal year 2014-2015.

Beverly Stadler Harris*

MONTHLY DONORS

Special thanks to these donors who make a recurring gift every month. Their steady giving makes a difference.

Thomas Adams
Joseph Haddad
Patricia Nobili
Kelley and Brandon Stetter
